Dear Sir:

INFORMATION DISCLOSURE STATEMENT

Pursuant to 37 CFR § 1.56, information relating to the above-identified application is hereby disclosed. The documents identified in the accompanying Form PTO 1449 relate to parent patent application 09/253,317, and are identified on their face as having recently been transmitted to Applicants by third parties pursuant to the provisions of 21 U.S.C. §365(j)(2)(B)(i) and (ii). The documents are provided in the interest of full disclosure, and their inclusion in this statement is not to be construed as an admission that information contained therein is material as that term is defined in 37 CFR § 1.56(b), or that Applicants concur in the arguments expressed. As will be noted, for example, the patent that is identified in the paragraph spanning pages 3 and 4 of Document 71 (*i.e.* U.S. 4,915,953) is not believed to be material since it is a continuation of a patent (*i.e.* U.S. 4,814,181) that already is of record in the instant patent application. Moreover, the pending claims are believed to be definite within the meaning of 35 U.S.C. §112.
